## ABOUT ME

I'm a student at the Faculty of Science in Sarajevu, studying Information Technologies and I really enjoy learning about full-stack web development. I'm good at working with others and love learning new stuffs all the time.

## EDUCATION

2017-2021

### ELECTRICAL ENGINEER OF ENERGY

*Electrical engineering school for energy | Sarajevo*

- *Class president*
- *Participated as a team member in the construction project of the Van Der Graff generator, which secured the second place in the school competition.*

2021-

### PROFESSIONAL SPECIALIST IN INFORMATION TECHNOLOGIES

*Faculty of Science | Sarajevo*

## EXPERIENCE

### QA Testing Intern

*Rubicon d.o.o.*

### Hackatons and Projects on Faculty

*Developed projects in different technologies, always assuming a full-stack role.*
